MEMORANDUM FOR: DISTRIBUTION

SUBJECT: Defense Logistics Management System (DLMS) Annual Supply Status
Review as of December 31, 2004

The DOD 4140.1-R, Materiel Management Regulation establishes a requirement for DLMSO to issue to the DUSD(L) and to the other DOD Components a status review of all revision proposals that have not yet been approved for publication, or, that if approved, have not been implemented.

Attached is the DLMS Annual Supply Status Review. The consolidated review includes both Defense Logistics Standard System (DLSS) (i.e., MILSTRIP, MILSTRAP, and SDR) and DLMS changes. Part I contains revision proposals which have not been approved for publication. Part II contains approved changes currently being staffed with the Components for establishment of an implementation date. Part III consists of approved changes scheduled for implementation. The web version of the review is updated periodically at <http://www.dla.mil/j-6/dlms/eLibrary/Changes/processchanges.asp>.

The Components are responsible for providing timely responses to proposed change coordination and updated implementation status which are compiled for this report. Components should carefully review the attachment and submit missing responses and updated implementation status, as appropriate. *Bold italics* are used to identify updates since the last annual report.

Addressees may direct questions or comments to the DLMSO points of contact Ms. Ellen Hilert, 703-767-0676, DSN 427, e-mail: Ellen.Hilert@dla.mil; or Ms. Mary Jane Johnson, 703-767-0677, DSN 427, e-mail: Mary.Jane.Johnson@dla.mil; All others please contact your designated Component representative.
