SUBJECT: Approved DLMS Change 66, Revision to DLMS Supplement (DS) 846S,  
Logistics Reassignment Storage Transfer Order/Reply to add Management  
Code (Supply)

This change to the DoD 4000.25-M, Defense Logistics Management System (DLMS), modifying the DS 846S Logistics Reassignment Storage Transfer Order/Reply, is required to support continued operations in a DLMS/DLSS environment. The updated DLMS Supplement will be posted to the DLMSO web site (<http://www.dla.mil/j-6/dlms0/ICs/Default.htm>) within 30 days from the above date for implementation planning. DLMSO will concurrently pursue coordination/approval with the DoD Logistics Functional Working Group, the DoD Electronic Data Interchange Standards Management Committee (EDISMC), and the Federal EDI Standards Management Coordinating Committee (FESMCC) for Federal implementation conventions (IC) revisions.

The attached change to DLMS will be incorporated into the DLMS manual/ supplement, based upon the effective or availability date to be determined. **NOTE:** DAAS and DLA have advance authorization to employ these procedures with the Business Systems Modernization (BSM) effort; however, configuration management/version control procedures must be observed allowing for sequential implementation to prevent rejection.

Addressees may direct questions to the DLMSO point of contact, Ms. Mary Jane Johnson, 703-767-0677, DSN 427-0677, or email: [maryjane\\_johnson@hq.dla.mil](mailto:maryjane_johnson@hq.dla.mil). Others must contact their Service or Agency designated representative.
