MEMORANDUM FOR SUPPLY PROCESS REVIEW COMMITTEE MEMBERS

SUBJECT: Approved Defense Logistics Management System (DLMS) Change (ADC) 286,
Administrative Update for MILS/DLMS Conversion for MILSTRIP ACP/ACM
Cancellation Formats (Supply/MILSTRIP)

The attached change is approved for implementation by the Defense Automatic Addressing System Center (DAASC).

Addressees may direct questions to the DLMSO point of contact, Ms. Ellen Hilert, Chair, Supply Process Review Committee, 703-767-0676; DSN: 427-0676; e-mail: ellen.hilert@dla.mil. Others must contact their Component designated Supply Process Review Committee representative.

A handwritten signature in black ink, appearing to read "Donald C. Pipp".

DONALD C. PIPP
Director
Defense Logistics Management
Standards Office

ADUSD(SCI/L&MR)

ADC 286
Administrative Update for MILS/DLMS Conversion for
MILSTRIP ACP/ACM Cancellation Formats

1. ORIGINATOR:

- a. **Service/Agency:** DLA, Defense Logistics Management Standards Office (DLMSO)
- b. **Originator:** Ms. Ellen Hilert, Chair, Supply Process Review Committee, 703-767-0676; DSN: 427-0676; e-mail: ellen.hilert@dla.mil

2. FUNCTIONAL AREA: Primary: Supply (Order Processing)

3. REQUESTED CHANGE:

a. **Description of Change:** Adjustment is required for conversion mapping between two MILSTRIP cancellation formats: the ACP and ACM are mapped to DLMS Supplement (DS) 869C, Requisition Cancellation.

b. **Procedures:**

(1) **Background:** The ACP/ACM transaction format is identified in MILSTRIP Appendix 3.9, Supply Source Cancellation (Direct Delivery from Procurement) and defined as follows:

| | | |
|-----|--------------|---|
| ACM | Cancellation | From ICP to procurement activity. Results from the receipt of a universal cancellation request |
| ACP | Cancellation | From ICP to procurement activity. Cancellation for indicated quantity of the item listed on the procurement instrument or procurement document designated by the number in rp 62-74 |

(2) **Detailed Change:** DAAS documentation and system maps for MILS/DLMS conversion must be updated to support current MILSTRIP requirements.

(a) Currently ACP/ACM rp 45-50 is mapped to DLMS Supplemental Address (2/LQ 01/180 Qualifier A9). However, the ACP/ACM format does not have a supplemental address; it has a New Consignee DoDAAC data field in rp 45-50. Update the DAAS logical and system map to equate rp 45-50 to the 869C N1/Consignee (which has the note indicating it is used for the consignee to whom material is diverted).

(b) The Procurement Request Number from the ACP/ACM (rp 51-64 when rp 65-69 is blank) is not mapped to the DLMS; it should be mapped to the 2/REF01/105 Qualifier W4 and REF02= rp 51-64 when rp 65-69 is blank.

4. REASON FOR CHANGE: USTRANSCOM personnel supporting Global Transportation Network Pre-Planned Product Improvement (GTN P31) identified a gap between MILSTRIP ACP/ACM and the equivalent DLMS. DAAS query results revealed that the ACP/ACM is not in use

at this time, although the Army has confirmed that requirements.

5. ADVANTAGES AND DISADVANTAGES:

a. Advantages: Corrects transaction conversion at DAAS and map documentation for future systems developers.

b. Disadvantages: N/A

6. Implementation: DAAS update per above is authorized.

7. Impact:

a. DAAS MILS/DLMS Conversion

b. GTN P3I

c. Potential impact if on DLMS design if already developed based upon prior DAAS maps.
