2. Our letter, reference 1a, which was approved and amended during MILSTRIP Meeting 84-3, reference 1c, defined Code M as Reserved, Code R to identify requisitions to DPDS/DPDO based on a Final Asset Screening notice and Code S to identify those based on a Front End Screening notice. Our letter, reference 1b, erroneously reversed the Code R and S definitions. At our meeting, reference 1c, it was unanimously agreed to restore Code M to its current definition. The corrections are at enclosure 1 and are asterisked.
